

The person who approves hiring internally had a death in her family and this has been stuck in the queue since late February. It will be \$13/hour and a great experience/opportunity to learn! The dates are mid-May – Mid-August but we can bump it back for a little later start. (It takes 2 weeks to process a new hire, but we can make sure to get hours in and offer an excellent experience!! Half a dozen of my former interns have/had careers in farm broadcasting.
THANK YOU!

Brownfield Ag News internship for college student available

Brownfield is the largest agricultural radio network in the U.S. Hundreds of radio stations across a dozen states carry agricultural programming created by Brownfield's award-winning team of farm broadcasters.

Primary Responsibilities

The successful candidate will assist in creating and producing unique content for Brownfield's radio network and various multi-media platforms. The role may entail covering events, interviewing industry influencers, and contributing to all Brownfield products.

The candidate may anchor radio and video programs, as well.

The dates are mid-May to mid-August with some flexibility for a later start.

Location

The intern will work in the Jefferson City, Missouri, Brownfield newsroom.
