

Texas State Networks

Serving Texas for more than 75 years.

Part Time On-Air Personality

Texas State Network has an excellent opportunity for the right individual. Preferably a retired farm broadcaster or someone looking to break into a major market. The one caveat is the individual must either live in the Dallas-Ft. Worth area or someone planning to move to DFW for another job. **This is a part-time position**, filling in on the Ag Network and the News Network. Competitive salary and a great company. Send Air-Check and resume to: topurcell@cbs.com
