

Agriculture Communication Director Search

Interested in leading a diverse communications and technology unit that serves a variety of internal and external audiences? This may be the job for you.

North Dakota State University is looking for an Agriculture Communication director to lead communications efforts for NDSU Agricultural Affairs. This includes NDSU Extension; the North Dakota Agricultural Experiment Station; and the College of Agriculture, Food Systems, and Natural Resources.

The Agriculture Communication director provides leadership for the department's staff of 23 who provide editorial, marketing, graphics, electronic media, distance education, web services, computer support, distribution, administration and print/copy.

The Agriculture Communication director, in collaboration with the vice president, develops, implements and oversees short- and long-term communication, marketing and technology strategies for NDSU Agricultural Affairs.
