

Job Description: Farm Broadcaster

We are a radio network based in Grand Forks, ND, offering employees great pay, excellent benefits, and flexibility.

The Company: The Red River Farm Network is a news radio network broadcasting ag news across MN, ND, and SD and is known for excellence in journalism and the great care we take with clients, affiliates, and employees alike.

- Our award-winning journalists serve area farmers and clients with pride.
- We believe in providing our clients and affiliates with excellent service, providing creative advertising solutions to their needs.

The Position: We're looking for a farm broadcaster. RRFN offers health/dental insurance and retirement benefits.

- We also offer a flexible work environment.
- Small, friendly office and great co-workers

Requirements:

- Proficiency or willingness to learn the appropriate software (i.e. Adobe Audition)
- Detail-oriented and organized
- Excellent communication skills
- A farm background is a plus, but not a requirement
- Valid driver's license required

Responsibilities:

Farm Broadcaster:

- On-air farm news and market reports
- Interviewing news sources
- Writing news stories for on-air and online platforms
- Ability to travel and cover meetings and ag events on regional and national level
- Ability and willingness to assist with technology/equipment
- Produce podcasts as needed
- Voice commercials and provide oversight to commercial production
- Assist with RRFN's digital strategy, including website, social media and e-newsletter
- Interface with outside newsmakers, clients, radio affiliates
